

CEE NORM

Movable Plug

With Screw Terminal

CODE:1367.432.333.0

TECHNICAL DETAILS

|                                  |                             |
|----------------------------------|-----------------------------|
| Product Group:                   | Plug Entry 3 Way Sockets    |
| Amperage:                        | 32 A                        |
| Poles:                           | 3P+T                        |
| Earth Position:                  | 6 h                         |
| Voltage:                         | 380- 415 V                  |
| Frequency:                       | 50 and 60 Hz                |
| Protection:                      | IP 67                       |
| Color Code:                      | Red RAL 3020, Grey Ral 7015 |
| Connection:                      | Screw Terminal              |
| Max. Conductor:                  | 6,0 mm <sup>2</sup>         |
| Material Housing:                | Polyamide                   |
| Material Contact:                | MS 58 Brass                 |
| Contact Holder Plastic Material: | Polyamide                   |
| Weight/pcs:                      | 1000 gr.                    |
| Packaging Box:                   | 4 pcs                       |
